Greetings:

Please see the following announcement regarding free brownfield technical assistance.

Thanks,

EPA Region 10 Brownfields Program

CDFA Brownfields Virtual Project Marketplace

July 27-30, 2015

10:00am-2:00pm PST

The Council of Development Finance Agencies (CDFA) is excited to offer the Brownfields Project Marketplace as an opportunity for communities to receive technical assistance related to the redevelopment and financing of brownfield projects.

CDFA's Brownfields Project Marketplace brings brownfield communities together with technical assistance advisors to discuss redevelopment and financing scenarios. The Project Marketplaces will consist of a brief presentation by a community detailing important information on their brownfield site followed by an open discussion period among community officials and technical assistance partners. Join online to consult with financing professionals and brownfield project experts who can help identify potential resources for the project.

To enroll your site in the Marketplace, please complete the application below. CDFA staff will follow up with you at the contact information you provide to confirm your submission

This free program is made possible by a grant from the U.S. EPA and is intended to provide technical assistance and resources on brownfields redevelopment financing. The Council of Development Finance Agencies and partners provide resources and expertise related to bond finance, revolving loan funds, tax credits, tax increment finance and other effective financing

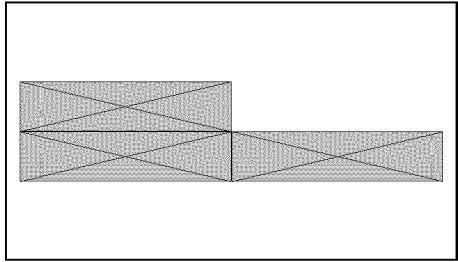

tools.
